# ACCESSING THE RECYCLING CENTRE

---

## PAYMENT FOR USING RECYCLING CENTRES

Your business must pay to bring waste to a recycling centre. You can register at: [www.tilmelding-genbrugsstationer.dk](http://www.tilmelding-genbrugsstationer.dk).

You can choose either an annual pass or a one-off pass to get access to the recycling centre.

## ANNUAL PASS

If your business uses the recycling centres often, you can buy an annual pass. You need to buy an annual pass for each vehicle bringing waste to the recycling centres.

With an annual pass, you can access all 24 recycling centres in Vestforbrænding's municipalities all year round.

## ONE-OFF PASS

If your business only uses the recycling centres occasionally, you can buy a one-off pass. When registering your business, you specify which mobile numbers can be used to purchase a one-off pass by SMS. You must register your credit card details too. Payment will not be taken from your phone bill but from your credit card.

When payment is approved, you will receive a receipt by SMS. You must start your visit within an hour. Before you can bring waste to a recycling centre, simply send an SMS to 1919 containing the letters GS, the ID number for the specific recycling centre you are going to and a code for the type of vehicle you are driving. On the next page are the relevant codes for both recycling centres and types of vehicles

## INSPECTION
